

National Capital Region

PSAC NCR A/REVP Activity Report for period May 8-July 28, 2017 **NCR Regional Council Meeting — Fall 2017**

I would like to begin by expressing my utmost gratitude to the PSAC, the Area Council, all committees and the Regional Offices who have continued to provide unparalleled support and encouragement to me while assuming my role as A/REVP.

As expected my tenure started off slowly, as the role of A/REVP does not entail much unless called upon to replace the current REVP. Despite that, Greg and I have spoken about ways to have get me involved in the development and enhancement of the region and the PSAC NCR.

Thus far we have had meetings to keep me in the loop of what has been going on in the region, and brief overviews of the AEC & NBOD meetings.

We have also begun to discuss developmental opportunities for myself.

Further to this we have conversed about some tentative objectives for the region, town halls to up members' engagement, enhancing communications with the various RVP of each component, in an effort to grow, as well as opportunities' that can be implemented whereby locals and components may learn from each other in terms of how does one build and organize a local.

I plan to make the best of this 3-year term and to do my best for the members that we serve. First and foremost, my goal is to make sure to be transparent and listen to what our members have to say, and help the PSAC NCR to better improve in certain aspects whereby giving the very best of itself to the members at all times.

I am very excited for next 3 years as this region continues to grow and advance the mandate of its members in the NCR. Please encourage members within your workplaces to get involved and to keep us informed of what their needs and concerns are.

Sincerely,

Rhea Sandy
PSAC NCR Alternate REVP
