

Annie Noël
Member at Large Report
(March 20 - September 1, 2017)

I was elected as a Member at Large May 7, 2017.

To date, I attended my first PSAC-NCR Executive Meeting June 5, 2017. At this meeting, I reached out to the Executive to advise me how my set of skills could be best utilized.

I have started working on an initiative, with Chantal Fortin, to give members, a forum to voice their ideas, concerns, challenges and other issues. Our first brainstorming meeting was June 7 over the phone. We were scheduled to meet June 18 face to face to really start shaping this new initiative but that meeting was postponed due to father's day festivities.

I had my first meet and greet with the REVP, Greg McGillis, July 26, 2017 to discuss my contribution to the organisation's structure. At the meeting, it was decided that I would join the Steward Initiative, work on organising "town hall" type meeting and be a delegate of the workers history museum meetings.

The summer was very uneventful given all the holidays. I expect the work to pick up in the fall.

Thank you all for this wonderful opportunity!

Sincerely,

Annie Noël
