

**Sylvie Leblanc - Member at Large Report
National Capital Region (NCR) Regional Executive
Public Service Alliance of Canada (PSAC)
May to September 2017**

I was elected member at large in May 2017 and am embracing the challenge for the next two years. I wish to thank the Council and members for supporting me. You have given me an opportunity to work with you and to draw on my experience and knowledge for the greater benefit of our union and our membership.

I am committed to representing our region, participating in PSAC mobilization events, attending Council meetings and engaging in debates and discussions.

Portfolios

Every member at large has one or several portfolios. I have been assigned the following: health and safety (adding defibrillators to the Canada Labour Code), management's duty to accommodate, Office 2.0, and updating PSAC practices pertaining to verification of delegate credentials at Regional Council quarterly meetings.

Regional Committees

For the past year, I have been attending monthly meetings of the Regional Education Committee and the Comité régional des femmes francophones de la RCN. I am also vice-president of the Regional Health and Safety Committee and recently joined the Members with Disabilities Action Committee (MDAC). On June 5, I attended my first Regional Executive meeting.

In closing, I wish to underline the important contribution of the following sisters and brothers who are dedicated activists, working vigilantly to improve the vital role of our union in serving our members. Congratulations to Chantal Fortin, Anna Bogdan, Sandrine Oka, Pierre Lamy, Jean Lalonde, Rod Dafoe, Imre Bene and Robert Basque for their hard work. I must also

mention the exceptional work done by PSAC staff in the NCR regional offices, particularly Marc Béland and Louise Patrice.

Thank you sisters and brothers!

Sylvie Leblanc
Executive member at large
